

Introduction to the ab initio nuclear many-body problem

Lecture 2: *Pairing correlations*

George Palkanoglou

May 8, 2026

Contents

1	Evidence of pairing correlations in nuclear and cold atomic systems	2
2	Pairing in extended systems: The BCS theory	2
2.1	The BCS state	2
2.2	The BCS gap equations and the weak-limit solution	2
3	Pairing in finite systems: The HFB theory	2
3.1	The Bloch-Messiah theorem	2
3.2	The HFB equations	2

- 1 Evidence of pairing correlations in nuclear and cold atomic systems
- 2 Pairing in extended systems: The BCS theory
 - 2.1 The BCS state
 - 2.2 The BCS gap equations and the weak-limit solution
- 3 Pairing in finite systems: The HFB theory
 - 3.1 The Bloch-Messiah theorem
 - 3.2 The HFB equations
